Gentlemen:

Thank you for meeting with EPA today to discuss the proposed administrative settlement agreement, and for contributing to a productive meeting

As promised, attached please find a revised draft AOC which incorporates the changes we agreed to during today's call. The revised draft highlights the outstanding issues in bubble comments, including EPA and CFAC action items. I have also flagged two provisions that will need to be addressed in order to pursue the Superfund Alternative Approach (SAA) at this site. EPA will need to confer with the Montana Department of Environmental Quality regarding SAA before approving CFAC's request.

I understand that Mr. Stroiazco and Mr. Wright will contact Mr. Cirian regarding the agenda for the upcoming technical meeting in October as well as any additional information EPA wishes to receive in advance of the meeting.

Thank you.
Mark
